Sheffield Hat Ultimate Frisbee Tournament

Charity Tournament
6-8 September 2013
Up to 144 players
Hillsborough Arena

What is Ultimate?

Ultimate is a fast-paced team sport played with a flying disc, or Frisbee. The aim is to score points by catching the disc in the opponents endzone.

Players are not allowed to run with the disc, and only have 10 seconds to make a pass to a teammate. Unlike other sports, Ultimate is completely self-refereed.

Fair play is encouraged and rewarded, and men and women of all skill levels and athletic ability can compete together on the same team.

Ultimate is one of the fastest growing sports with more than 10,000 players currently in the UK.

Format of a Hat tournament

Players enter as individuals and are randomly allocated into mixed ability teams. This means that teammates may not have played with each other before, and also that people new to the sport get to play alongside more experienced players.

Hat tournaments have a reputation of being fun, social events and are accessible to all players, regardless of experience or ability.

Charity fundraising

We run the Sheffield Hat tournament as a charity event, aiming to raise money for, and awareness of our nominated charity. For the last three years we have supported the International sporting charity, **Right To Play**. This year we will be supporting a more local organisation, though the exact one is still to be decided.

Feedback

"Last year was a fantastic tournament yet again. You are continuing to improve the tournament, for fun, spirit, standard of play and getting to know your team mates and peers."
JP, 2012

"Last year was one of the best run tournaments I've been too. Keep it up!"
JF, 2012

"Really enjoyed the Sheffield Hat... long may it continue, a great way to round off the outdoor season!"
NH, 2010

Games should be played under the WFDF 2009 rules. Please help less experienced players to adhere to these rules and the Spirit of the Game. Game length is 35 minutes. You should stop play on hearing the whistle at the end of the game. If the disc is in the air at this time, and is subsequently caught or score, this point will count. Discs are acceptable in the pool rounds only. When the whistle sounds during the knockout rounds, you should finish the game before topping. If the scores are tied at this point, play a sudden death point to determine the winner. At the end of each game, your team's designated captain should report the game score to tournament HQ, along with your sponsor's spirit's score. All Spirit's Player and Most Valuable Player All of the stats can be recorded on the score sheets provided. Use the guide to win and scoring on the reverse of this sheet.
